John Franks

3/29/38 - 20 MBG. *C. mollissima*

QUEBECK, TENN.

H. C. (or Clay) CANTRELL

R. # 1

1936 - 20 trees from H. W. Andrews, Co. Agent

5/27/36 "glad to report trees all living yet, look healthy

Watered for several days after planting. Had some rain

10 days ago haven't watered since will do so again if

don't get more rain." $2\frac{1}{2}$ mi NE of Walling, 2 mi NW Quebec

12/9/46 sent a pair of *C. mollis* nuts, medium size and
not especially attractive; too dry for growing or eating.

1946 - 25 trees living & bearing, 1 or 2 bu. this year.
