1935. 10 Asiatic chestnut trees [TENN. VALLEY AUTHORITY]

ROGERSVILLE, TENN.

Seed mimeo. sent '44

G. E. Webb

4/13/36 30 FP-462 Castanea mollissima

May, 1936. "The trees obtained by me seem to be in fair condition considering the exceedingly dry weather. I notice the trees have small sprouts or branches coming out. The trees have been watered during the dry period and I plan to cultivate them by digging around them as soon as possible." Located 2 mi West of Rogersville & 25 mi East of Sneedville.

3/3/38. no reply to letter of inquiry
11/27/39 - 2 trees, 4' high, now alive. See BSC
