

## B. III

Brown Agricultural Experiment Station  
New Haven, Sept. 8, 1877.

A sample of Soluble Pacific Guano lately obtained at Mt. Carmel, Conn. has the following composition and valuation according to the Station analysis.

|                         | Pounds per hundred | Pounds per ton | Value per hundred | Value per ton |
|-------------------------|--------------------|----------------|-------------------|---------------|
| Nitrogen                | 2.43               | 48.6           | 20 dts            | \$9.72        |
| Soluble Phosphoric Acid | 5.18               | 103.6          | 10½ "             | 12.95         |
| Reverted " "            | .96                | 19.2           | 9 "               | 1.73          |
| Insoluble " "           | 6.12               | 122.4          | 5 "               | 6.12          |
| Potash                  | 1.63               | 32.6           | 7½ "              | 2.46          |
| Moisture                | 9.88               | 397.6          |                   |               |
| Total Estimated Value   |                    |                |                   | \$32.96       |
| Cost                    |                    |                |                   | \$45.00       |

This Fertilizer comes in 200 lb. packages. Five packages from which this sample was drawn, weighed 1006 lbs. The "Soluble Pacific Guano" is represented or guaranteed to contain Soluble Phosphoric Acid 4½ - 8 percent

|                         |                |
|-------------------------|----------------|
| Soluble Phosphoric Acid | 4½ - 8 percent |
| Reverted " "            | 2 - 5 " "      |
| Insoluble " "           | 4 - 6½ " "     |
| Potash & Soda           | 3 - 5 " "      |
| Available Ammonia       | 2½ - 3½ " "    |
| Nitrogen                | 2½ - 2¾ " "    |

With the highest percent, the value would be \$54.60. with the lowest figures, \$31.75 per ton. This wide range of percents corresponds to a difference in trade value of \$22.88 per ton. The mean percent would make a value of \$43.17 per ton.
