

CAES Seminar Series

“Emerging tick-borne infections: Babesiosis and hard tick relapsing fever”

Dr. Peter J. Krause

Senior Research Scientist

Dept. of Epidemiology and Public Health

Yale School of Medicine

Wednesday, January 27, 2016

12:00 noon to 1:00 p.m.

Food and coffee will be available at 11:45 a.m.

Jones Auditorium

The Connecticut Agricultural Experiment Station

123 Huntington Street, New Haven, CT

This talk will review the epidemiology, clinical manifestations, diagnosis, and treatment of babesiosis and hard tick-borne relapsing fever (caused by *Borrelia miyamotoi*), two emerging *Ixodes*-transmitted diseases with worldwide distribution that are of increasing health concern.
