

DOCKET NO. 62

AN APPLICATION OF THE SOUTHERN NEW ENGLAND : CONNECTICUT SITING
TELEPHONE COMPANY FOR A CERTIFICATE OF
ENVIRONMENTAL COMPATIBILITY AND PUBLIC :
NEED FOR THE CONSTRUCTION, MAINTENANCE, : COUNCIL
AND OPERATION OF FACILITIES TO PROVIDE
CELLULAR SERVICE IN THE TOWN OF
CANTON, CONNECTICUT. : August 4, 1986

D I S S E N T I N G O P I N I O N

I believe a 130' tower should be approved instead of a 150' tower.

A 130' tower would provide reliable coverage to all areas intended for service in the Hartford NECMA except a small area in Farmington which would receive fuzzy reception. It should be noted that Simsbury will require another tower in any case to serve the business center. The area of fuzzy reception in Farmington would not include I-84 or Farmington Center.

A 20' reduction in height would reduce the visibility to the residents in the nearby East Hill area and the further Orchard Hill area. I believe a 130' tower is a reasonable trade-off between reduced service and reduced visibility of the tower.

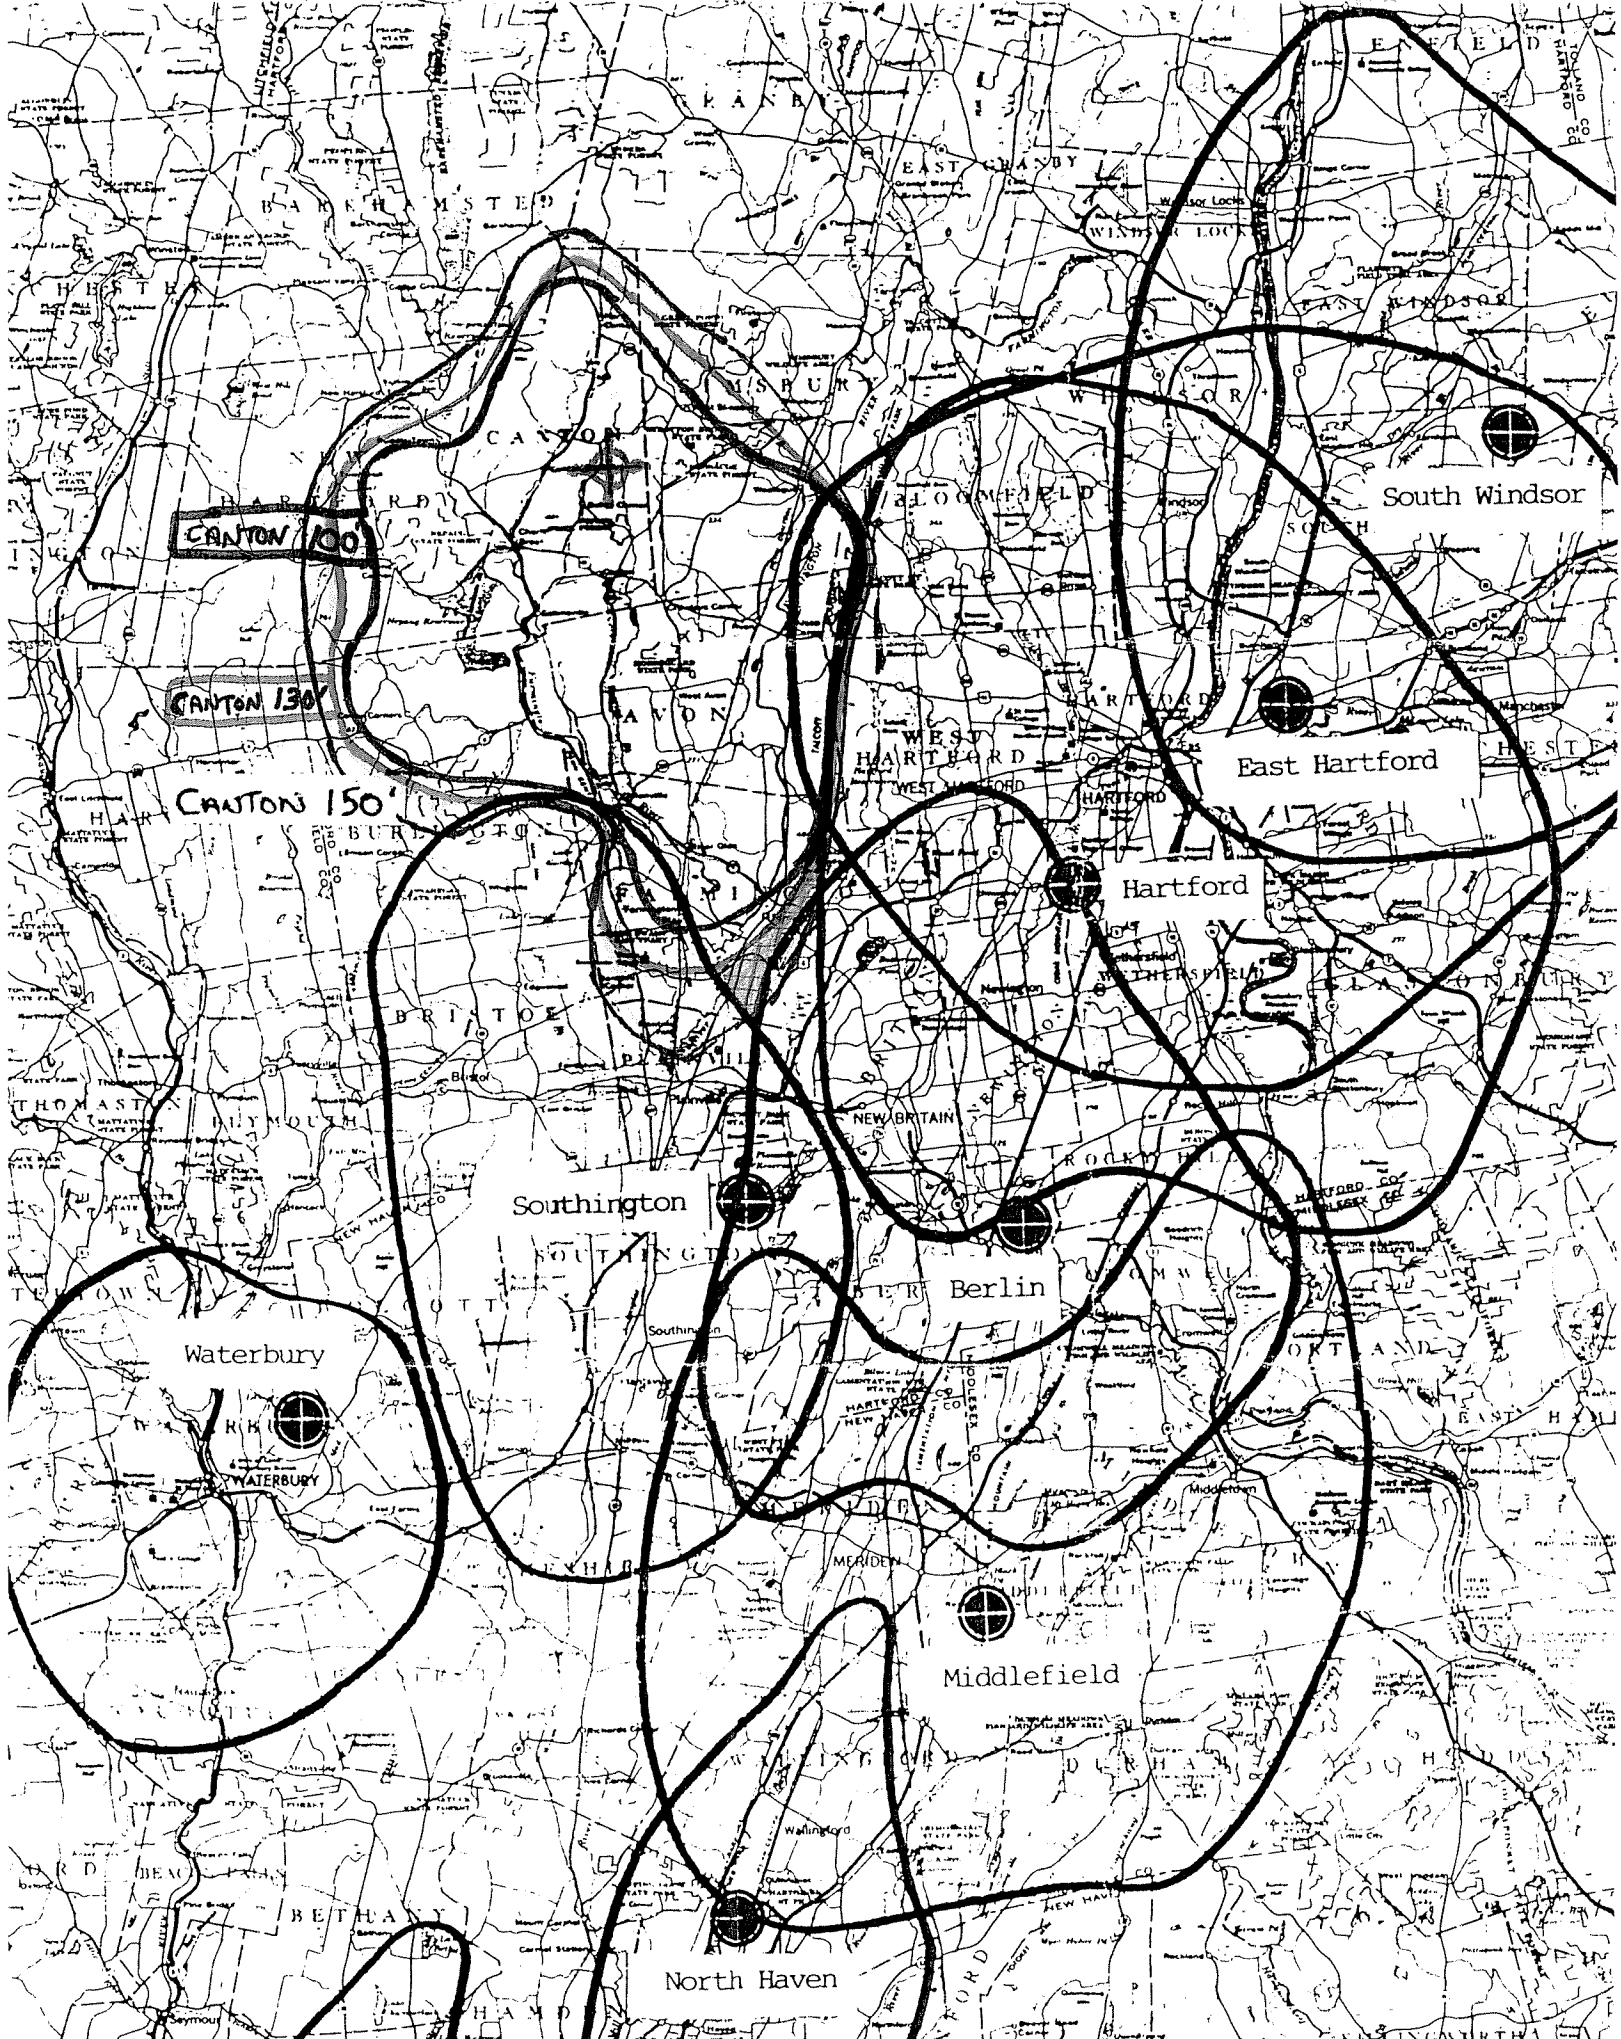

Therefore, I dissent to the Opinion, Decision and Order for Docket 62.

Pamela B. Katz
