Subject: Intervener questions on Towantic Power Plant

Dear Ms. Bachman,

I understand you are planning to call the interveners today to list who still wishes to ask questions. I would like to ask some questions on behalf of Lake Quassapaug Association, and I was planning to attend this week's session in New Britain to so state and/or question. However, due to some medical issues, I am unable to attend the meeting in New Britain today.

I would be most appreciative if you would convey these comments to the Council and relay my hope that I might be able to ask my questions at a subsequent hearing session, perhaps on the 24th, assuming there will still be such questioning going on after tomorrow.

Thank you for your consideration.

Sincerely,

Ingrid Manning
Vice President
Lake Quassapaug Association
