Dear Ms. Bachman,

I believe you are planning to call the various names of interveners tomorrow to list who still wishes to ask questions. I would, in fact, like to ask some questions on behalf of Middlebury Land Trust, and I was planning to attend this week's session in New Britain to so state and/or question.

Due to the session being on Thursday instead of the usual Tuesday and due to an unexpected absence of one of my partner physicians in my practice, I must stay in the office and see patients all day and cannot attend in New Britain even briefly.

If and when my name is called I would be most appreciative if you would convey these comments to the Council and convey my hope that I might be able to ask my questions at a subsequent hearing session, perhaps on the 24th, assuming there will still be such questioning going on after tomorrow.

Thank you for your consideration.

Truly yours,

W. Scott Peterson, M.D.
