RE: **DOCKET 192B-** CPV Towantic, LLC Certificate of Environmental Compatibility and Public Need for the construction, maintenance and operation of a 785 MW dual-fuel combined cycle electric generating facility located north of the Prokop Road and Towantic Hill Road intersection in the Town of Oxford, Connecticut.

Dear Attorneys DeRosa and Small:

The Connecticut Siting Council (Council) received the Development and Management Plan (D&M Plan) for the above-referenced electric generating facility on July 17, 2015. Section 16-50j-75(d) of the Regulations of Connecticut State Agencies, entitled, "Timing of plan" states: "The D&M plan shall be submitted to the Council, and the Council shall approve, modify, or disapprove the plan within 60 days after receipt of it...."

The current deadline for the Council to approve, modify, or disapprove the D&M Plan for this facility is September 15, 2015. Due to the complex nature of this docket and concerns regarding the Erosion and Sedimentation Control Plan, the Council will need additional time to review the Erosion and Sedimentation Control Plan portion of the D&M Plan. The Council hereby requests an extension of the D&M Plan decision deadline for Docket No. 192B until October 5, 2015.

We thank you in advance for your timely response to this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Melanie A. Bachman".

Melanie A. Bachman
