**VIA ELECTRONIC MAIL AND HAND-DELIVERY**

Mr. Robert Stein, Chairman  
Connecticut Siting Council  
Ten Franklin Square  
New Britain, CT 06051

**RE: Docket No. 192B—Towantic Energy, LLC Motion to Reopen and Modify the June 23, 1999 Certificate of Environmental Compatibility and Public Need Based on Changed Conditions Pursuant to Connecticut General Statutes §4-181a(b) for the Construction, Maintenance and Operation of a 785 MW Dual-Fuel Combined Cycle Electric Generating Facility Located North of the Prokop Road and Towantic Hill Road Intersection in the Town of Oxford, Connecticut—CPV Towantic, LLC's Request for Approval of Special Inspector**

Dear Chairman Stein:

Pursuant to Conn. Gen. Stat. § 16-50ii(b)(1) and (d), and Condition 1.n. of the Connecticut Siting Council's ("Council") May 14, 2015 Decision and Order ("D&O") in Docket No. 192B, CPV Towantic, LLC ("CPV") submits sixteen (16) copies of the resume of Edgar Paul Hayes, P.E. Mr. Hayes will be the special inspector to assist the municipal fire marshal in reviewing construction plans and conducting inspections during construction of CPV's electric generating facility. As demonstrated by his resume, Mr. Hayes is not employed or financially involved in the construction or operation of CPV's electric generating facility and is a Connecticut licensed professional engineer with knowledge and field experience in electric generating facility construction. Therefore, pursuant to Conn. Gen. Stat. § 16-50ii(d)(1), CPV respectfully requests that the Siting Council approve Mr. Hayes as the special inspector required by Conn. Gen. Stat. § 16-50ii and Section 1.n. of the D&O.

Please contact me or Franca L. DeRosa, Esq. at (860) 509-6500 with any questions.

Very truly yours,

**BROWN RUDNICK LLP**

Philip M. Small  
Counsel for CPV Towantic, LLC

# RESUMES OF KEY PERSONNEL

**a. Name:** Edgar Paul Hayes  
**Position:** Project Manager, Registered Engineer - Fire Protection  
**Title:** CEO

**b. Education/Qualifications:**

BS Civil Engineering, North Carolina State University 1985  
Registered Professional Engineer – Fire Protection and Civil  
CA, NC, FL, VA, SC, LA, TN, KY, PA, CT, WV, OK, WY, TX, NY, MN, MD, IL, AL, UT, RI, AZ, WA

**Membership** - NFPA, Board of directors AFAA, SFPE,  
Classes - OSHA 40HR, OSHA Supervisors, Notifier Certification, Leadership, Communications,  
Negotiations, Presentations

**c. Present Position Company:** CEO, Principal Engineer

**d. Relevant Experience/Employment History:**

Project manager and Design engineer for special hazards projects include a Plant wide networked for Kosa Chemicals, an Expansion network for Corning, Chemical Weapons plants for Bechtel and Washington Group, Natural Gas production for Wyoming Gas. PCS Phosphate facility for Jacobs Engineering Hanford and Savannah river site nuclear support - Over 200 power projects for various clients. Currently projects include work in Dow Chemical Freeport TX Facility , FGD's for Shaw, AEP, and Alstom.

My responsible design includes integrating the complete systems, alarm and detection, Sprinkler, Dry chem. and Clean Agent suppression systems.

Past Petroleum experience includes working for Shell Oil as a Project manger and environmental engineer for Northern California facilities.

**CEO, American Fire Technologies** - Current Position - 01/96 - present

A principal engineer and oversees the business, engineering and marketing operations including; Project management, project controls, fire systems design, electrical design, specifications and construction management for industrial applications, business plans, and marketing plans. Professional functions include; technical support; oversight, design, installation of fire detection and suppression systems; oversight, design of electrical nurse care facilities; knowledge of federal, state and local, laws and regs.; experience in regulatory agency negotiations; development of project management and cost control systems; marketing and sales; and project management of individual projects to complex sites for private and government clients.

**Outside consultant, American Fire Technologies** 2/93 - 2/96

Marketing follow up, business and technical support, engineering review of fire systems, including technical calculation and final engineering stamp for California projects, engineering review of nurse care electrical systems.

**Sacramento Regional manager, Fugro West, Inc.** 2/94-2/96

Directed staff of 45 as the principal engineer and oversaw the business and marketing operations including environmental services in underground storage tanks, geotechnical, asbestos, environmental planning,

biological, and natural resources. Professional functions include; technical support and expert witness for litigation; oversight, design, installation of soil and groundwater remediation systems; knowledge of federal, state and local env., law and regs.; experience in regulatory agency negotiations; development of project management and cost control systems; marketing and sales; and project management of individual projects to complex sites for private and municipal clients.

**President, Aegis Energy, Inc.** 4/93 - 2/94

Served as the principal engineer over operations and management of all remediation and investigation projects of the business. Directed a \$4 million dollar a year business with five offices. Duties included all accounting, business and professional functions. Business functions included guiding the company through reorganization, negotiated a change in ownership, a return to profitability and stabilization of client base and employee turnover. Professional functions included; technical support and expert witness for litigation cases; oversight, design, installation of soil and groundwater remediation systems; knowledge of federal, state and local env., law and regs.; experience in regulatory agency negotiations; development of project management and cost control systems; marketing and sales; and environmental project management of individual projects to complex sites for private and municipal clients. In February 1994, Aegis Env., Inc. was purchased by the Fugro group of companies.

**Manager/principal engineer, Aegis Env., Inc.** 2/93 -4/93

I was responsible for the operations and management of the engineering group and field services group. Supervised and checked work of the design engineers in preparations of the work plans, specifications and construction drawings. Consultant with private and public clients on clean-up technologies and methods.

**Environmental Engineer, Shell Oil Co., California** 8/89 - 2/93

As project manager, I managed and organized a \$10 million annual budget and 110 individual projects. I reduced the expense budget by 30 percent for two consecutive years and specialized in "comeback" locations involving litigation and high-priority issues.

**Construction Engineer, Shell Oil Co.,** 8/85 - 8/89

Responsible for construction project management, including estimating cost; prepare technical specification; supervised and prepared construction drawings; equipment procurement; scheduling; management of contractor; field inspection of construction materials. Coordinated maintenance and construction for over 200 retail service stations in a three state area.
