RE: **DOCKET 192B-** CPV Towantic, LLC Motion to Reopen and Modify the June 23, 1999 Certificate of Environmental Compatibility and Public Need based on changed conditions pursuant to Connecticut General Statutes §4-181a(b) for the construction, maintenance and operation of a 785 MW dual-fuel combined cycle electric generating facility located north of the Prokop Road and Towantic Hill Road intersection in the Town of Oxford, Connecticut.

Dear Attorney Perillo:

The Connecticut Siting Council (Council) is in receipt of your request for an extension of time to March 13, 2015 to respond to interrogatories for the above-referenced proceeding, dated March 2, 2015.

In accordance with the Council vote during the February 10, 2015 public hearing and the Council's memoranda dated February 11, 2015 and February 24, 2015 regarding the deadline for pre-filed testimony and interrogatory responses, all parties and intervenors were granted a 30-day extension of time to submit these materials. The final deadline is March 3, 2015.

The public hearing scheduled for Thursday, March 12, 2015 will commence with the appearance and cross examination of the parties and intervenors in the order listed on the February 24, 2015 Hearing Program. An extension to March 13, 2015 does not comport with this schedule.

Therefore, in consideration of the above-referenced request for an extension of time, the Council hereby grants the Borough of Naugatuck and the Naugatuck Water Pollution Control Authority an extension of time to the close of business on Thursday, March 5, 2015 **for submission of the interrogatory responses only.**

Yours very truly,

Melanie Bachman
Acting Executive Director

MB/MP/cm
