New Haven, CT 06510

RE: **DOCKET NO. 41** - CoxCom, LLC d/b/a Cox Communications New England Certificate for a community antenna television tower and associated equipment off King Spring Road, Windsor Locks, Connecticut.

Dear Attorney Cohen:

The Connecticut Siting Council (Council) is in receipt of your recent correspondence dated November 18, 2015, noting an oversight in the August 27, 2015 correspondence requesting transfer of the Certificate of Environmental Compatibility and Public Need (Certificate) from CoxCom, LLC d/b/a Cox Communications New England to InSite Towers, LLC.

The Council acknowledges your notification letter and has corrected its records to reflect that InSite Towers, LLC is not the current Certificate Holder of the above referenced community antenna television facility. However, pursuant to Connecticut General Statutes §16-50k(b), "A Certificate may be transferred, subject to approval of the Council, **to a person who agrees to comply with the terms, limitations and conditions contained therein.**"

There is no evidence that the entity identified as the current owner of the community antenna television facility, Kingspring Tower, LLC, agrees to comply with the terms, limitations and conditions of the Certificate. Therefore, Council records will continue to reflect CoxCom, LLC d/b/a Cox Communications New England as the Certificate Holder until such time as Kingspring Tower, LLC notifies the Council that it agrees to comply with the terms, limitations and conditions of the Certificate and submits a written request to transfer said Certificate.

Thank you for your attention and cooperation.

Very truly yours,

  
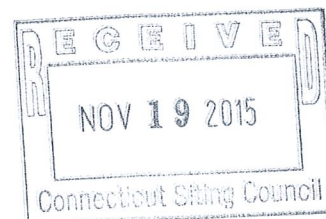

Melanie A. Bachman  
Acting Executive Director

ORIGINAL

Re: Docket No. 41: CoxCom, LLC d/b/a Cox Communications New England - Corrected Information for Former CATV Tower Located at 55 King Spring Road, Windsor Locks, CT

Dear Attorney Bachman:

The purpose of this letter is to correct an oversight in the letter dated August 27, 2015 apprising the Connecticut Siting Council ("the Council") of the transfer of seven towers from CoxCom, LLC d/b/a Cox Communications New England ("Cox") to InSite Towers, LLC ("InSite") on or about May 31, 2012. The Council responded by letter dated September 17, 2015. Since then, Cox's Northeast Region team has learned that the tower located at 55 King Spring Road, Windsor Locks, CT was not in fact transferred to InSite as initially reported to the Council.

Accordingly, Cox hereby advises the Council that the tower that was certificated as a community antenna television tower in Docket No. 41 was transferred in March 2012 to the property owner of the site, doing business as Kingspring Tower LLC, 7 Woodland Hollow, Windsor Locks, CT. See attached copy of the Federal Communications Commission ("FCC") Antenna Structure Registration. Cox respectfully requests that the Council modify its letter ruling of September 17, 2015 to reflect the correct current ownership of the Windsor Locks tower.

Finally, Cox has no current information on the use of this tower or the ownership interests other than what is a matter of public record available from the FCC's website.

Attorney Melanie Bachman  
November 18, 2015

If you have any questions or require additional information, please feel free to contact me. Again, on behalf of my client, I deeply regret any confusion or administrative inconvenience caused by the need to correct the record on this matter. Thank you for your consideration.

Respectfully yours,

COXCOM, LLC D/B/A COX  
COMMUNICATIONS NEW ENGLAND
