Re: Kleen Energy Systems, LLC, Docket No. 225

Dear Ms. Roberts:

In connection with the above-referenced Docket, Kleen Energy Systems, LLC (“Kleen Energy”) hereby submits an original and 20 copies of: 1) this cover letter; 2) Responses to the Siting Council’s Questions Regarding the Kleen Energy Systems Integrated Contingency Plan (“ICP”); and 3) amended pages of Kleen Energy’s ICP. The explanatory responses to the Siting Council’s questions highlight the pages of the ICP which have been revised in response to the Siting Council’s inquiries. The applicable revised pages of the ICP are also included in this submittal, and are designed to replace the corresponding pages of the original ICP, submitted in June of 2011. The revised pages have a bar on the left margin to indicate the revised sections of the ICP.

Kleen Energy would like to thank the Siting Council and the City of Middletown’s South Fire District for their thorough review and comments on the Integrated Contingency Plan (ICP). Kleen Energy gave all comments careful consideration with the goal in mind of further improving its emergency preparedness.

We appreciate the Middletown South Fire District's positive feedback and fully agree with their recommendation to specify that all fires will be reported, including small fires already extinguished. We have integrated this change as well as all applicable and actionable Siting Council suggestions into the ICP.

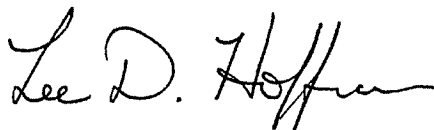

Kleen Energy is also distributing the ICP revision pages to all recipients listed in the plan and is actively integrating the ICP into the facility's operations, training and exercise activities.
