TELECOMMUNICATION FACILITY NOTICE

On or about March 19, 2007, Sprint Nextel Corporation (“Sprint”) will file an application with the Connecticut Siting Council (“Siting Council”) requesting a Certificate of Environmental Compatibility and Public Need for the construction, maintenance and operation of a telecommunications facility in Haddam, Connecticut (the “Application”). The location under consideration is off of Cove Road (Map 27, Lots 10 & 12A) in Haddam, which is owned by the Connecticut Light & Power Company (“CL&P”). Sprint’s facility will have a 180-foot lattice type tower with telecommunications equipment at the base. Both CL&P and Sprint will use the tower. The proposed tower will replace a fallen CL&P tower that used to stand at the site. The Application will explain the need, purpose, benefits and environmental impacts of the facility.

Once Sprint files the Application, the Siting Council will set a date to hold a public hearing at a location within the community. The Siting Council will also publish notice of the public hearing in the local newspaper and Sprint will post a sign at the site with the details of the public hearing. On the day of the hearing Sprint will fly a balloon at the site, weather permitting, from 8 am until 6 pm so the public can ascertain the visibility of the facility.

Once the Application is filed, the progress of the Application can be followed on the Siting Council’s website at www.ct.gov/csc. Questions or comments may be directed to: Thomas J. Regan, Esq. at Brown Rudnick Berlack Israels LLP, CityPlace I, 185 Asylum Street, Hartford, Connecticut 06103, telephone 860.509.6500 or the Connecticut Siting Council, 10 Franklin Square, New Britain, CT 06051, telephone 860.827.2935.
