**1. Manner in which petitioner claims to be substantially and specifically affected:**

I am an abutting property owner to the proposed cell tower site that is the subject of Docket # 350. I am personally acquainted with a neighbor who offered his land to Verizon as an alternative site choice. His site has not been investigated to date. It offers a higher elevation, existing driveway/access road, and utilities are already present on the site. My neighbor's land is near to the current site choice on the Walsh property. It is not located as close to other residential properties as is the currently proposed site.

**2. Manner and extent to which petitioner proposes to participate:**

My neighbor and I plan to appear before the Connecticut Siting Council to request once again that Verizon conduct the proper research required to give my neighbor's land due consideration in this matter.

Copies of this request shall be mailed to the Council at least five (5) business days before the date of the hearing.

Signed Alex Motovilov
