Mr. S. Derek Phelps  
Connecticut Siting Council  
Ten Franklin Square  
New Britain, CT 06051

**Re: Docket No. 357  
WIRELESS EDGE FAIRFIELD GROUP LLC  
Peck Road, Danbury, Connecticut**

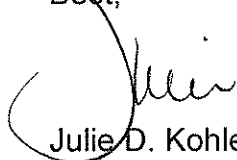

Dear Mr. Phelps,

As you are aware, Sprint/Nextel is the present anchor tenant on the facility proposed in Docket No. 357. Given the recent announcement of the new consortium of Sprint/Nextel and its other partners, it has become clear it's unlikely that we will be able to have carrier participation at the hearing until its energy is refocused on this market.

As a result, rather than waste the Council's time and resources Wireless *EDGE* requests that the upcoming hearing on May 29, 2008 be tabled. We hereby grant a three (3) month extension of time. It is our expectation and hope that the carrier's internal corporate growth will be in place by that time so that we can once again set a hearing date with its participation.

Please let me know if you have any questions.

Best,

  
Julie D. Kohler
