RE: Tree Inventory
Site: Montano
58 Montano Road
Glastonbury, CT 06033
CHA # 15363-1024-1601

A site survey was completed at the subject site in March of 2006. A requirement of the survey involved determining the location of all trees within the topographic survey area with a diameter at breast height of 6" or larger. As can be seen on the site access map, there are nine (9) trees with a diameter of 6" or larger within the area of the proposed access road and compound which need to be removed for construction of the facility. The quantity and size of trees being removed is summarized in the below table:

Tree Diameter	Number of Trees to be Removed
6"	3
8"	2
10"	2
12"	2
TOTAL	9

If you have any questions, comments or need further information, please do not hesitate to contact our office.

Very truly yours,

CLOUGH HARBOUR & ASSOCIATES LLP
