FROM: S. Derek Phelps, Executive Director, Connecticut Siting Council

RE: **DOCKET 370** – Consolidated proceeding pursuant to the Connecticut Energy Advisory Board (CEAB) Request for Proposal (RFP) process under C.G.S. §16a-7c. **Original application:** The Connecticut Light & Power Company application for Certificates of Environmental Compatibility and Public Need for the Connecticut Valley Electric Transmission Reliability Projects which consist of (1) The Connecticut portion of the Greater Springfield Reliability Project that traverses the municipalities of Bloomfield, East Granby, and Suffield, or potentially including an alternate portion that traverses the municipalities of Suffield and Enfield, terminating at the North Bloomfield Substation; and (2) the Manchester Substation to Meekville Junction Circuit Separation Project in Manchester, Connecticut. **Competing application:** NRG Energy, Inc. application pursuant to C.G.S. §16-50l(a)(3) for consideration of a 530 MW combined cycle generating plant in Meriden, Connecticut.

At its meeting held on Thursday, October 8, 2009, the Connecticut Siting Council (Council) considered NRG's Request to Reserve the Right to Submit Interrogatories on CL&P's Late-Filed Exhibits sponsored by Ms. Frayer of London Economics International, LLC (LEI). The Council granted the request.

The Council also considered scheduling matters for the continued evidentiary hearings. The preliminary schedule proposed in the Council's September 24, 2009 memo to docket participants was adopted. The order of appearances shall begin on October 21, 2009 with the Office of Consumer Counsel, followed by NRG and then ISO New England.

Additionally, the Council granted Citizens Against Overhead Power Line Construction's (CAOPLC) request for permission to file additional testimony and interrogatories in advance of its appearance over the objection of CL&P.
