Re: Docket 373; New Cingular Wireless PCS, LLC (AT&T) application for a Certificate of Environmental Compatibility and Public Need for the construction, maintenance and operation of a telecommunications facility located at St. Matthew Lutheran Church, 224 Lovely Street, Avon, Connecticut.

Dear Attorney Bachman:

Youghiogheny Communications-Northeast, LLC, doing business as Pocket Communications' ("Pocket") hereby submits this letter as post-hearing comment in reference to the re-opening of the above-captioned docket.

Pocket has reviewed the proposed plans prepared by the Applicant, New Cingular Wireless PCS, LLC (AT&T) and submitted by the Town of Avon on or about August 5, 2010. Pocket again reiterates its need to co-locate on the Facility already approved in this docket. In addition, Pocket confirms for the record that it will be able to provide coverage to this area of Avon at the 83 foot centerline, shown on the revised plans as the highest available co-location opportunity.

Pocket urges that the Council approve this revised location and these revised plans as the proposed Facility will provide much needed coverage in this area of Avon. In addition, the record is clear that this revised location will have minimal environmental impacts. Please let me know if you have any questions.

Respectfully Submitted,

Carrie L. Larson
