224 Lovely Street, Avon, Connecticut

Dear Executive Director Roberts:

We are writing on behalf of New Cingular Wireless PCS, LLC' ("AT&T") to provide an update and close out letter for the captioned proceeding.

Our client advises us that construction of the facility approved in Docket 373A by decision and order dated October 7, 2010 is now complete. AT&T's antennas and equipment are now installed and are providing service to the public.

On behalf of AT&T we would like to thank the Siting Council for its consideration in this matter.

Very truly yours,

Christopher B. Fisher
