Woodbury, CT 06798

Re: AT&T
Proposed Wireless Telecommunications Facility
85 Paper Mill Road, Woodbury, Connecticut
Application to the State of Connecticut Siting Council

Dear Mr. & Mrs. Woodward:

Our office previously attempted to contact you on behalf of our clients New Cingular Wireless PCS, LLC ("AT&T") with respect to the above referenced matter. A certified return receipt of a letter dated January 29, 2009 sent to your address was not returned to our office. A copy of said letter is enclosed.

We sent the aforementioned letter to provide details regarding the submission of an application to the Connecticut Siting Council for approval of a wireless communications facility. The address listed for you corresponds with the records on file with the Town of Woodbury as an owner of property abutting the subject parcel detailed below and in our previous letter. We are sending this current letter via first class mail in hopes that this method may be successful in reaching you.

Our correspondence is in accordance with State law requiring applicants to send notice of their intent to submit an application to record owners of property that abut a parcel on which the proposed facility may be located. The application was filed with the State on February 4, 2009.

The property being considered for the proposed Facility is located at 85 Paper Mill Road. The proposed Facility will be located in the central portion of the parcel and will consist of a 150-foot self-supporting monopole tower, antennas and 50' x 75' fenced equipment compound designed to accommodate unmanned equipment in single-story equipment buildings or on concrete pads.

Vehicular access to the site will extend along the existing drive and parking area as well as a new 135' gravel access drive to the proposed Facility. Underground utility connections would extend along the access drive from an existing location on site.

The location, height and other features of the proposed Facility are subject to review and potential change by the Connecticut Siting Council under the provisions of Connecticut General Statutes §16-50g et seq.

February 23, 2009

If you have any questions concerning this application, please do not hesitate to contact the Connecticut Siting Council or the undersigned.

Very Truly Yours,

Re: AT&T
Proposed Wireless Telecommunications Facility
85 Paper Mill Road, Woodbury, Connecticut
Application to the State of Connecticut Siting Council

Dear Mr. & Mrs. Woodward:

We are writing to you on behalf of our client AT&T with respect to the above referenced matter and our client's intent to file an application with the State of Connecticut Siting Council for approval of a proposed wireless communications tower facility (the "Facility") within the Town of Woodbury. State law requires that owners of record of property that abuts a parcel on which a facility is proposed be sent notice of an applicant's intent to file an application with the Siting Council.

The property being considered for the proposed Facility is located at 85 Paper Mill Road. The proposed Facility will be located in the central portion of the parcel and will consist of a 150-foot self-supporting monopole tower, antennas and 50' x 75' fenced equipment compound designed to accommodate unmanned equipment in single-story equipment buildings or on concrete pads.

Vehicular access to the site will extend along the existing drive and parking area as well as a new 135' gravel access drive to the proposed Facility. Underground utility connections would extend along the access drive from an existing location on site.

The location, height and other features of the proposed Facility are subject to review and potential change by the Connecticut Siting Council under the provisions of Connecticut General Statutes §16-50g et seq.

If you have any questions concerning this application, please do not hesitate to contact the Connecticut Siting Council or the undersigned after February 2, 2009, the date which the application is expected to be on file.

Very truly yours,

Daniel M Laub
