RE: Docket No. 380 – Bay / New Hartford / Draft Findings of Fact

Dear Chairman Caruso:

In response to the Connecticut Siting Council's ("Council") request for comments regarding the Council's draft Findings of Fact please find four comments below.

Finding No. 8

On April 24, 2008, the Council approved an extension of time to September 30, 2008 to complete work at the site. Due to complications associated with the redesign of a bridge to the site, the limited availability of construction material and site conditions hindering construction, the Certificate expired before work was complete. (Council Administrative Notice Item No. 18; Bay 1, pp. 5, 10)

Please note the Council also approved an initial extension of time to complete site work on January 24, 2008 until April 30, 2008. The first extension is not included in the draft Findings of Fact.

Finding No. 10

Bay is a tower development company based in ~~Rhode Island~~ Massachusetts that owns and operates tower sites in Massachusetts, Connecticut, and Rhode Island. (Council Administrative Notice 18)

Finding No. 18

Bay met with the New Hartford First Selectman Earl MacInnes on ~~May 17~~ May 7, 2009 to discuss the recertification application. At the meeting, the Town recognized a need for service in the affected section of New Hartford and had no issues with the application. (Bay 2, Q. 7)
