RE: Tree removal due to proposed installation of telecommunications facility located at 50 Devine St., North Haven, CT 06473 (site name – North Haven, site number – CTNH 101)

Dear Mr. Coppins:

As part of the proposed installation of the telecommunications facility at the above reference location, tree removal will be required. The proposed installation consists of a monopole tower within a 70'x70' fenced compound. The compound will house telecommunications equipment and a multi-tenant utility backboard. The compound will be accessed via an existing driveway/parking area.

Due to the installation of the fenced compound, approximately 25 trees with a diameter at breast height of 6" will be required to be removed. Care is to be taken during removal to prevent damage to any other surrounding vegetation that does not need to be removed due to the installation.

Please do not hesitate to contact me at 518-690-0790 if you have any questions or comments.

Very truly yours,

John S. Stevens, P.E.
