Other Comments: This proposed construction activity is within the source water areas of public water system Orchard Park Ind Area-50 Mungertown (CT0769123). This Department's concern is for the protection of the source of public drinking water that serves this area. The following Best Management Practices should be followed to ensure the safety of the drinking water supply.

- Refueling of vehicles or machinery and storage of Any fuel or hazardous materials should take place on an impervious pad with secondary containment designed to contain fuels.
- A fuel spill remediation kit should be stored on-site so that any spills may be contained and cleaned quickly.
- Orchard Park Ind Area-50 Mungertown should be contacted prior to starting this project to review the scope of this project.
