Re: **Docket No. 403 – Cellco Partnership d/b/a Verizon Wireless Application For A Certificate Of Environmental Compatibility And Public Need For The Construction, Maintenance And Operation Of A Wireless Telecommunications Facility at 174 South Grand Street, Suffield, Connecticut**

Dear Chairman Stein and Members of the Council:

The Connecticut Siting Council (“Council”) approved an application by Cellco Partnership d/b/a Verizon Wireless (“Cellco”) to construct a wireless telecommunications facility on property owned by Darian and Robert Paganelli at 174 South Grand Road in Suffield, Connecticut. Cellco’s development of this site has been delayed due to changes in its 2012 tower construction program and budget. The site is currently on Cellco’s 2013 construction schedule. Cellco requests that the Council grant an eighteen (18) month extension to the Docket No. 403 approval to complete work on this facility.

We respectfully request that this matter be placed on the Council’s June 21, 2012 meeting agenda for consideration. If you have any questions regarding this request please do not hesitate to contact me.

Sincerely,

Kenneth C. Baldwin
