**RE: Town of Bridgewater**

Docket #412 SBA Towers II/New Cingular Wireless PCS, LLC  
Wewaka Brook Road, Bridgewater Cellular Communications Tower

Dear Ms. Roberts:

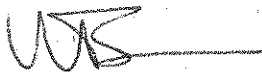

Thank you for your recent letter regarding the above docket. We are aware of the application and have many concerns regarding the impacts to our community which are reasonably expected from the siting of an industrial communications facility in a rural residential area.

It is the intention of the Town of Bridgewater to intervene as a party to these proceedings under the Council regulations as well as the Connecticut Environmental Protection Act and the Administrative Procedures Act. During the course of the intervention we will fully explore the options available to the proposed tower by presenting witnesses and evidence which the Council may find useful in its deliberations.

Unfortunately, the December 30<sup>th</sup> deadline for making comments on a matter of such a complex nature is not realistic, especially with the intervening holidays and the need to consult with various knowledgeable persons. Respectfully, the Town of Bridgewater will not meet the December 30<sup>th</sup> request and will present its evidence in the due course of the proceedings.

Please contact me if you have any questions.

Very truly yours,

William Stuart  
First Selectman
