TO: Parties & Intervenors

FROM: Linda Roberts, Executive Director

RE: **DOCKET NO. 417** - T-Mobile Northeast, LLC Certificate of Environmental Compatibility and Public Need for the construction, maintenance and operation of a telecommunications facility located at Moose Hill Road, Guilford, Connecticut.

---

In accordance with Conn. Gen. Stat. § 4-181a (c), which provides that an agency “may, without further proceedings, modify a final decision to correct any clerical error...,” the Connecticut Siting Council hereby issues the enclosed errata sheet in connection with the above-referenced proceeding.

### Docket 417 Errata Sheet

This errata sheet corrects the Council's Docket 417 Decision and Order, dated October 6, 2011. Decision and Order, Condition 1 previously read:

1. The tower shall be constructed as a monopole, no taller than necessary to provide the proposed telecommunications services, sufficient to accommodate the antennas of the applicant and other entities, both public and private, but such tower shall not exceed a height of 110 feet above ground level. The height at the top of the Certificate Holder's antennas shall not exceed 100 feet above ground level.

Decision and Order, Condition 1 now reads (with corrected language in bold):

1. The tower shall be constructed as a monopole, no taller than necessary to provide the proposed telecommunications services, sufficient to accommodate the antennas of the applicant and other entities, both public and private, but such tower shall not exceed a height of 110 feet above ground level. The height at the top of the Certificate Holder's antennas shall not exceed **110 feet** above ground level.

Please replace the first page of the October 6, 2011 Decision and Order with the enclosed, corrected page.

<b>DOCKET NO. 417 - T-Mobile Northeast, LLC application for a</b>	}	Connecticut
<b>Certificate of Environmental Compatibility and Public Need for</b>	}	Siting
<b>the construction, maintenance and operation of a</b>	}	Council
<b>telecommunications facility located at Moose Hill Road,</b>	}	
<b>Guilford, Connecticut.</b>	}	
		October 6, 2011

**Decision and Order**

Pursuant to the foregoing Findings of Fact and Opinion, the Connecticut Siting Council (Council) finds that the effects associated with the construction, maintenance, and operation of a telecommunications facility, including effects on the natural environment; ecological integrity and balance; public health and safety; scenic, historic, and recreational values; forests and parks; air and water purity; and fish and wildlife are not disproportionate, either alone or cumulatively with other effects, when compared to need, are not in conflict with the policies of the State concerning such effects, and are not sufficient reason to deny the application, and therefore directs that a Certificate of Environmental Compatibility and Public Need, as provided by General Statutes § 16-50k, be issued to T-Mobile Northeast, LLC, hereinafter referred to as the Certificate Holder, for a telecommunications facility located off Moose Hill Road (Map 66, Lot 64) in Guilford, Connecticut.

Unless otherwise approved by the Council, the facility shall be constructed, operated, and maintained substantially as specified in the Council's record in this matter, and subject to the following conditions:

1. The tower shall be constructed as a monopole, no taller than necessary to provide the proposed telecommunications services, sufficient to accommodate the antennas of the applicant and other entities, both public and private, but such tower shall not exceed a height of 110 feet above ground level. The height at the top of the Certificate Holder's antennas shall not exceed 110 feet above ground level.
2. The Certificate Holder shall install a tower foundation and tower that is capable of supporting an extension. Any extension of the tower must be approved by the Council.
3. The Certificate Holder shall prepare a Development and Management (D&M) Plan for this site in compliance with Sections 16-50j-75 through 16-50j-77 of the Regulations of Connecticut State Agencies. The D&M Plan shall be served on the Town of Guilford for comment, and all parties and intervenors as listed in the service list, and submitted to and approved by the Council prior to the commencement of facility construction and shall include:
  - a) a final site plan(s) of site development to include specifications for the tower, tower foundation, antennas, equipment compound, radio equipment, access road, utility line, and landscaping;
  - b) construction plans for site clearing, grading, landscaping, water drainage, and erosion and sedimentation controls consistent with the 2002 Connecticut Guidelines for Soil Erosion and Sediment Control, as amended, and;
  - c) provisions for a contractor awareness program for the Eastern Box Turtle and Wood Turtle.
