LISA D. ISABELLA
Notary Public, State of New York
No. 011S6198265
Qualified in Schenectady County
Commission Expires Dec. 15, 2012

North Atlantic Towers and New Cingular Wireless PCS, LLC (AT&T) filed an application with the Connecticut Siting Council (Council) for construction of a telecommunications facility on this site. The maximum height of said facility shall not exceed 150 feet or as otherwise determined by the Council. The Council will hold a public hearing on Thursday, October 27, 2011, beginning at 3:00p.m., and continued at 7:00 p.m. at the Watertown High School Auditorium, 324 French Street, Watertown, CT. A copy of the application can be reviewed at the town hall or at the Council offices in New Britain, CT. For more information, please contact the Council by telephone at (860)-827-2935, electronically at www.ct.gov/csc, or by mail at 10 Franklin Square, New Britain, Connecticut 06051

White Oak
Quercus alba

White Oak is a species of oak tree in the family Fagaceae. It is native to the eastern United States and is one of the most common and largest oak species. The tree is characterized by its distinctive white bark and its ability to live for several centuries. It is a hardy tree that can tolerate a wide range of soil conditions and is resistant to many diseases and pests. The leaves are simple, alternate, and have a serrated margin. The flowers are small and inconspicuous. The fruit is a nutlet, which is a single seed. The tree is a valuable source of timber and is used for a variety of purposes, including furniture, construction, and paper production. It is also an important food source for many wildlife species, including deer, turkeys, and wild geese.
