Re: Connecticut Siting Council Docket No. 422
North Atlantic Towers, LLC and New Cingular Wireless PCS, LLC (AT&T)
Application for a Certificate of Environmental Compatibility and Public Need for the
Construction, maintenance and operation of a telecommunications facility at
655 Bassett Road, Watertown, Connecticut

Dear Chairman Stein and Members of the Council:

The following is proposed as a Finding of Fact for inclusion in the Siting Council's decision:

The Applicant agreed that it will comply with all of the recommendations of the Watertown Town Engineer in his memoranda dated October 26, 2011 and December 30, 2011, with the sole exception that the applicant cannot comply with that part of paragraph 2 of both memoranda concerning the Town requirement that the slope of the access road between Linkfield Road and the tower site not exceed 7%.

Very truly yours,

Paul R. Jessell
