Mr. Robert Stein, Chairman  
Connecticut Siting Council  
Ten Franklin Square  
New Britain, CT 06051

RE: Docket No. 424: Interstate Reliability Project  
Monthly Construction Progress Report

Dear Chairman Stein:

Pursuant to RCSA Section 16-50j-62(b)(3) and as described in Volumes 1, Section 7, of the *Development and Management ("D&M") Plan for the Interstate Reliability Project ("Interstate"): Modifications to Card Street Substation, Lake Road Switching Station, and Killingly Substation*, The Connecticut Light and Power Company doing business as Eversource Energy (Eversource) hereby provides to the Connecticut Siting Council ("Council") this Construction Progress Report for the month of September 2016.

As detailed in the Progress Report for August 2016, Project transmission line construction (including restoration) was deemed complete as of August 31, 2016. Therefore, the only remaining Project activities involve station work; specifically, the removal of special protection system (SPS) equipment at Lake Road Switching Station.

Should you or other Council members have any questions regarding this submission, please do not hesitate to contact me via e-mail at [kathleen.shanley@eversource.com](mailto:kathleen.shanley@eversource.com) or telephone at (860) 728-4527.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kathleen M. Shanley", written over a light blue horizontal line.

Kathleen M. Shanley  
Manager, Transmission Siting

Enclosure

**INTERSTATE RELIABILITY PROJECT  
MONTHLY CONSTRUCTION PROGRESS REPORT  
SEPTEMBER 2016**

**MODIFICATIONS TO SUBSTATIONS AND SWITCHING STATIONS**

The removal of special protection system (SPS) equipment at Lake Road Switching Station commenced in late January 2016 and remains to be completed. All work at the other stations is complete.

Table 1 (below) summarizes the status of work at Card Street Substation, Lake Road Switching Station, and Killingly Substation as of the end of September 2016.

**Table 1  
Interstate Reliability Project - Connecticut  
Substation / Switching Station Construction Progress Report  
(As of September 30, 2016)**

Station	Activity			
	Construction Start Date	Site Preparation	Equipment Installation	Testing
Card Street	4/7/2014	100%	100%	100%
Lake Road	4/7/2014	100%	100%	100%*
Killingly	4/7/2014	100%	100%	N/A
<b>Summary: All Stations</b>	4/7/2014	100%	100%	100%

\*All station work is complete except for very minor activities involved in the removal of SPS equipment at Lake Road Switching Station. This work was initiated in late January and is yet to be completed.
