Docket No. 424

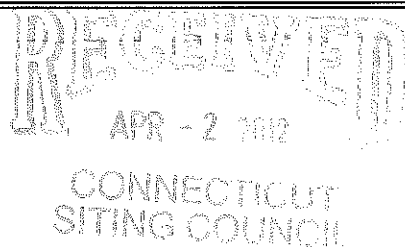

application for the

Interstate Reliability Project

March 30, 2012

REQUEST FOR PARTY STATUS

To: Ms. Linda Roberts
Executive Director
Connecticut Siting Council
Ten Franklin Square
New Britain, Ct 06051

The petitioner Richard Civie respectfully requests party status in the above titled matter. This request for party status is made pursuant to CGS Section 4-177a, in conjunction with Section 16-50n requesting rights of Section 16-50o. The proposed transmission lines of the Interstate Reliability Project (Project) run through and are adjacent to the Petitioners properties. One section of the Application calls for land to be taken from the Petitioner.

The Project was not adequately presented. More information is required to determine Project need. The Petitioner is a proponent of underground configurations. Expert testimony will include engineering, cost and power considerations along with CGS 16-50p related issues. The Practitioner will, at times, be aided by an attorney.
