RE: **DOCKET NO. 425** - Message Center Management Certificate of Environmental Compatibility and Public Need for the construction, maintenance, and operation of a replacement telecommunications facility located at 4 Dittmar Road, Redding, Connecticut.

Dear Attorney Laub:

On October 17, 2013, the Connecticut Siting Council (Council) considered your request for an extension of construction time in this docket, dated September 19, 2013, and granted a six-month extension of time until June 30, 2014, to complete the construction of this project.

Pursuant to condition 8 of the Certificate, any request for extension to fully construct this telecommunications facility with at least one fully operational wireless telecommunications carrier shall be filed with the Council not later than 60 days prior to the expiration of this Certificate and shall be served on all parties and intervenors, as listed on the current service list and the Town.

This extension is granted with the understanding that the Council will be notified should the applicant decide not to proceed with construction.

Sincerely,

Robert Stein
Chairman
