INTERROGATORIES TO APPLICANT

The following Interrogatories are directed to the Applicant by James Berardi.

- Q1. I plan to convert my garage into an accessory apartment. The garage does not show up on any of the site plans. Please revise the site plan behind Tab 3 in the Supplemental Information to depict the garage and the setback from the tower to the garage.
- Q2. Will all future lease carriers have their own generators? What is the setback from the closest future carrier site to my property line, and to my garage on the current site plan?
- Q3. If the original site plan was approved, what is the setback from the tower to the garage and the closest future carrier site to the garage?
- Q4. Specifically, what trees will have to be trimmed or removed to accommodate the current site plan and the original site plan?
