

## NOTICE

Notice is hereby given, pursuant to Section 16-50l(b) of the Connecticut General Statutes and Section 16-50l-1(e) of the Regulations of Connecticut State Agencies of an Application to be filed with the Connecticut Siting Council ("Siting Council") on or after July 20, 2012 by New Cingular Wireless PCS, LLC ("AT&T" or the "Applicant") for a certificate of environmental compatibility and public need for the construction and maintenance of a wireless telecommunications facility in Willington, Connecticut. Two alternative site locations are being proposed by the Applicant and only one facility ("Facility") would be constructed.

Site Candidate A is located on Tolland Turnpike (Route 74) and identified as parcel number 23/62 by the Willington Tax Assessor. The proposed Facility is located in the northern portion of the parcel and is proposed as a 160-foot self-supporting tower. The tower, antennas and ground equipment will be within a 45' x 80' fenced equipment compound designed to accommodate unmanned equipment in either single-story equipment buildings or on a concrete pad. Access to the Facility will be over an existing access drive and a new 12' wide access drive approximately 581' in length to the proposed equipment compound. An underground utility connection would extend from an existing utility pole on Tolland Turnpike (Route 74).

Site Candidate B is located on Old South Willington Road and identified as parcel number 18/19 by the Willington Tax Assessor. The proposed Facility is located in the southern portion of the parcel and is proposed as a 190-foot self-supporting tower. The tower, antennas and ground equipment will be within a 75' x 75' fenced equipment compound designed to accommodate unmanned equipment in either single-story equipment buildings or on a concrete pad. Access to the Facility as proposed would be over a new 12' wide access drive approximately 958' in length to the proposed equipment compound. An underground utility connection would extend from an existing utility pole from Old South Willington Road.

The location, height and other features of the final Facility are subject to review and potential change under provisions of the Connecticut General Statutes Sections 16-50g et. seq.

The Facility is being proposed to allow AT&T to provide service in this area of the State. The Application explains the need, purpose and benefits of the Facility and also describes the environmental impacts of the proposed Facility. The Facility will be available for co-location by other wireless carriers.

Balloons, representative of the proposed height of the each of the candidate towers, will be flown at the proposed candidate sites on the first day of the Siting Council public hearing on the Application, which will take place in Town, or such other date specified by the Siting Council and a time to be determined by the Siting Council, but anticipated to be between the hours of 12pm and 5pm.

Interested parties and residents of the Town of Willington, Connecticut are invited to review the Application during normal business hours after July 20, 2012 at any of the following offices:

Connecticut Siting Council  
10 Franklin Square  
New Britain, CT 06051

Re: New Cingular Wireless PCS, LLC ("AT&T")  
Proposed Wireless Telecommunications Facility  
Tolland Turnpike & Old South Willington Road, Town of Willington, Connecticut  
Application to the State of Connecticut Siting Council

Dear :

We are writing to you on behalf of our client AT&T with respect to the above referenced matter and our client's intent to file an application with the State of Connecticut Siting Council for approval of one (1) proposed wireless communications tower facility (the "Facility") within the Town of Willington. State law requires that owners of record of property that abuts a parcel on which a facility is proposed be sent notice of an applicant's intent to file an application with the Siting Council. Two alternative site locations are being proposed by the Applicant and only one facility ("Facility") would be constructed.

Candidate A is located on Tolland Turnpike (Route 74) and identified as parcel number 23/62 by the Willington Tax Assessor. The proposed Facility is located in the northern portion of the parcel and is proposed as a 160-foot self-supporting tower. The tower, antennas and ground equipment will all be within a 45' x 80' fenced equipment compound designed to accommodate unmanned equipment in either single-story equipment buildings or on a concrete pad. Access to the Facility will be over an existing access drive and a new 12 foot wide access drive approximately 581 feet in length to the proposed equipment compound.

Candidate B is located on Old South Willington Road and identified as parcel number 18/19 by the Willington Tax Assessor. The proposed Facility is located in the southern portion of the parcel and is proposed as a 190-foot self-supporting tower. The tower, antennas and ground equipment will all be within a 75' x 75' fenced equipment compound designed to accommodate unmanned equipment in either single-story equipment buildings or on a concrete pad. Access to the Facility as proposed would be over 958' of new gravel access drive. Utility connections in either instance would be extended underground from existing utility poles on Old South Willington Road.

The location, height and other features of the proposed Facility are subject to review and potential change by the Connecticut Siting Council under the provisions of Connecticut General

July 16, 2012

Statutes §16-50g et seq. Balloons, representative of the proposed height of the each of the candidate towers, will be flown at the proposed candidate sites on the first day of the Siting Council public hearing on the Application, which will take place in Town, or such other date specified by the Siting Council and a time to be determined by the Siting Council, but anticipated to be between the hours of 12pm and 5pm.

If you have any questions concerning this application, please do not hesitate to contact the Connecticut Siting Council or the undersigned after July 20, 2012, the date which the application is expected to be on file.

Very truly yours,

Daniel M. Laub  
DML/ag

**CERTIFICATION OF SERVICE**

I hereby certify that on the 18<sup>th</sup> day of July, 2012, a copy of the foregoing letter was mailed by certified mail, return receipt requested to each of the abutting properties owners on the accompanying list.
