**RE: Docket 440 – Request for Extension of Time
ATC Site #282783, Colebrook CT
American Towers LLC
522 Colebrook Road, Colebrook, CT**

Dear Ms. Bachman,

On behalf of American Towers LLC, please accept this letter regarding the above referenced Facility for which the Siting Council issued a Certificate of Environmental Compatibility and Public Need in Docket 440 (the “Certificate”).

Condition 8 of the Decision and Order dated February 6, 2014 requires the approved facility to be fully constructed and providing wireless services within eighteen months from the date of the mailing of the Council’s Findings of Fact, Opinion and Decision and Order. The timeframe for construction has since been extended by the Connecticut Siting Council, with the current term set to expire on February 6, 2018. As current scheduling demands and logistical considerations will push final completion past this date, we respectfully request a six month extension of the completion time to August 6, 2018.

If members of the Council or Staff have any questions regarding the foregoing please feel free to contact me at 781-926-4712 or greg.mercier@americantower.com. Thank you very much for your consideration.

Sincerely,

A handwritten signature in black ink, appearing to read 'Gregory Mercier', is written over a horizontal line.
