Re: Docket 441 – Construction Completion
InSite Towers Development, LLC and New Cingular Wireless PCS, LLC (“AT&T”)
10 Blackville Road, Washington, Connecticut
CT112 Washington

Dear Chairman Stein and Executive Director Bachman:

Please accept this letter from InSite Towers Development, LLC and on behalf of New Cingular Wireless PCS, LLC (“AT&T”) regarding the captioned Facility for which the Siting Council issued a Certificate of Environmental Compatibility and Public Need in Docket 441 (“Certificate”).

Condition 6 of the Decision and Order dated March 6, 2014 required the approved facility to be fully constructed and providing wireless services within eighteen (18) months from the date of the mailing of the Council’s Findings of Fact, Opinion, and Decision and Order. We received an extension of the Certificate to allow for a completion time of an additional eighteen (18) months which extended out to March 6, 2017.

At this time we wish to advise the Council that construction of the Facility is complete and AT&T is on-air and operational as of March 15, 2016 and the cost of construction was \$454,728.39. The Town’s public safety equipment is fully installed and operating.

Please do not hesitate to contact Ray Vergati at 203-297-6345 should you, the Council members or staff have any questions regarding the foregoing. Thank you for your consideration of this request.

Sincerely,

Lance C. Cawley
Chief Financial Officer
