Re: Docket 442 – Request for Extension of Time  
New Cingular Wireless PCS, LLC (“AT&T”)  
284 New Canaan Avenue, Norwalk, Connecticut

Dear Executive Director Bachman:

On behalf of our client, New Cingular Wireless PCS, LLC (“AT&T”), please accept this letter regarding the captioned Facility for which the Siting Council issued a Certificate of Environmental Compatibility and Public Need in Docket 442 (“Certificate”).

Condition 6 of the Decision and Order dated May 29, 2014 required the approved facility to be fully constructed and providing wireless services within eighteen months from the date of the mailing of the Council’s Findings of Fact, Opinion, and Decision and Order. Subsequently the Council granted an extension of this approval to December 31, 2016.

AT&T is still in the process of coordinating final utility easement approval between the State of Connecticut as owner and the utility companies. As such, AT&T requires additional time to complete this process, install the utility connections and bring the first tower on-air to operational status. Moreover, the second tower approved as part of the certificated Facility that will host Verizon and have space for an additional carrier is not yet constructed. Accordingly, we respectfully request a one-year extension of the allowed completion time to December 31, 2017 for sufficient time to complete the Facility as approved in Docket 442.

Should Council members or Staff have any questions regarding the foregoing please do not hesitate to contact me. Thank you for your consideration of this request.

Very truly yours,

Daniel M. Laub
