RE: **DOCKET NO. 446** - Cellco Partnership d/b/a Verizon Wireless application for a Certificate of Environmental Compatibility and Public Need for the construction, maintenance, and operation of a telecommunications facility located at the Pilot Corporation of America property, Trumbull Tax Assessor Map K/09 Lot 20, 60 Commerce Drive, Trumbull, Connecticut.

Dear Mayor Harkins:

The Connecticut Siting Council (Council) received an application for a Certificate of Environmental Compatibility and Public Need, pursuant to General Statutes § 16-50i for a telecommunications facility in Trumbull. The Town of Stratford is within 2,500 feet of the proposed facility. Connecticut General Statute § 16-50i(b) requires municipalities within 2,500 feet of a proposed facility to receive adequate notice of the project. This request will be placed on a future meeting agenda to adopt a schedule which will include a public hearing. A copy of the agenda will be sent to you.

Pursuant to General Statutes § 16-50gg, municipalities may provide to the Council location preferences or other criteria for the siting of telecommunications towers that are brought to the Siting Council for approval. The Council requests submission of these comments by March 27, 2014.

Please be advised that your involvement with the Council process may occur in various ways, such as written comments, party status, and/or participation in the public hearing. Please contact me if you have any questions or comments regarding this proposal or your role in the Siting Council process. Thank you for your cooperation and consideration. If I may be of service to you in any way, please do not hesitate to contact me.

Very truly yours,

Melanie A. Bachman
