Re: Docket No. 448 – Cellco Partnership d/b/a Verizon Wireless Application For A Certificate of Environmental Compatibility and Public Need For The Construction, Maintenance And Operation Of A Telecommunications Facility Located At 831 Derby Milford Road, Orange, Connecticut

Dear Ms. Bachman and Mr. Stein:

On behalf of the Legislative Intervenors (Senator Gayle Slossberg, State Representative Paul Davis, State Representative Themis Klarides, and State Representative James Maroney), I am writing to inform you that we hereby adopt and strongly support the Intervenor's Motion For Order To Compel Production of Documents, dated October 10, 2014. In order to ensure a fair hearing in this Docket No. 448, we respectfully hold that the Connecticut Siting Council must order the disclosure of the data and information which the Applicant's own expert witness has testified are necessary for any interested party to properly consider the application. We believe that you would be absolutely depriving the due process rights of all of the interested parties in this Docket No. 448 if you do not grant said Motion.

If you have any questions please feel free to contact me.

Very truly yours,

Gayle S. Slossberg
