RE: **DOCKET NO. 456** – Cellco Partnership d/b/a Verizon Wireless Certificate of Environmental Compatibility and Public Need for the construction, maintenance, and operation of a telecommunications facility located at 33 Keegan Road, Plymouth, Connecticut.

Dear Attorney Baldwin:

The Connecticut Siting Council (Council) is in receipt of your correspondence dated July 11, 2016 regarding the revision to the Development and Management (D&M) Plan for the above-referenced site that was approved by the Council on January 7, 2016.

Pursuant to Regulations of Connecticut State Agencies §16-50j-77(b), your request to remove the seasonal restriction on construction activity from May 1st to July 31st to reduce a potential impact of development activity on the *Whippoorwill* at the site is hereby approved. This is due to the absence of *Whippoorwills* during bird surveys at the site and the Department of Energy and Environmental Protection lifting the seasonal restriction by letter dated June 3, 2016.

This approval applies only to the D&M Plan revision dated July 11, 2016. Any significant changes to the D&M Plan require advance Council notification and approval.

Please be advised that deviations from this plan are enforceable under the provisions of the Connecticut General Statutes § 16-50u. Furthermore, the Certificate Holder is responsible for reporting requirements pursuant to Regulations of Connecticut State Agencies Section 16-50j-77.

Thank you for your attention and cooperation.

Very truly yours,

Melanie A. Bachman
Acting Executive Director
