### INTERVENOR STATUS REQUEST FORM

Docket/Petition No.

461

Town/City

Greenwich

Date

08/28/2015

Name:

Bella Nonna Restaurant & Pizzeria

Street Address:

280 Railroad Ave

City, State, Zip:

Greenwich, CT, 06830

Contact Number:

203-992-1888

E-mail:

[bellanonnagreenwich@gmail.com](mailto:bellanonnagreenwich@gmail.com)

1. Manner in which intervenor's participation is in the interests of justice and will not impair the orderly conduct of the proceedings:

Requestor is a restaurant serving Greenwich for over 60 years recently relocated next to 290 Railroad Ave. It intends to participate to protect the area from a proposal that it deems detrimental to its business. The requestor seeks to have this application denied or that the site be relocated to a more suitable area.

2. Manner and extent to which intervenor proposes to participate:

Conducting discovery as is permitted, providing testimony, submission of questions, cross-examination of witnesses.

3. Statutory authority for intervenor request:

Conn. Gen Stat. Secs. 4-177a (b); 16-50n (a)(4), and 16-50o

4. Nature of evidence intervenor intends to present:

See attached.

Copies of this request are required to be electronically mailed to all participants on the service list, which can be found on our website in Pending Proceedings under the appropriate docket or petition number, at least five days before the date of the public hearing.

**Prehearing Interrogatories  
Submitted to Eversource for Response**

- 1. What will Eversource do to minimize business impact on storefronts operating on Railroad Avenue while it constructs the substation and places transmission lines into the ground?**
- 2. What is the projected length of time will my business be inconvenienced by transmission line installation and substation construction? What is the worst case scenario?**
- 3. What recourse will businesses have if their revenues are impaired by Eversource's construction?**
- 4. What is the process that businesses will follow to receive compensation for lost business?**
- 5. What is the projected EMF exposure from the substation and the transmission lines to businesses along 280 Railroad Avenue?**
