FROM: Melanie A. Bachman, Acting Executive Director *MAB*

RE: **DOCKET NO. 461** - Eversource Energy application for a Certificate of Environmental Compatibility and Public Need for the construction, maintenance, and operation of a 115-kilovolt (kV) bulk substation located at 290 Railroad Avenue, Greenwich, Connecticut, and two 115-kV underground transmission circuits extending approximately 2.3 miles between the proposed substation and the existing Cos Cob Substation, Greenwich, Connecticut, and related substation improvements.

The Connecticut Siting Council (Council) is in receipt of correspondence from State Representatives Livvy R. Floren, Fred Camillo, and Mike Bocchino, dated November 30, 2015 concerning the above-referenced application.

Pursuant to Connecticut General Statutes §16-50(b), a copy of the application is to be submitted to each member of the legislature in whose assembly or senate district the facility is to be located for review. In the event that Representatives Floren, Camillo, and Bocchino do not avail themselves of the opportunity to attain party status under Connecticut General Statutes §16-50n, this correspondence shall become part of the record in this proceeding in the form of a limited appearance.

Therefore, a copy of Representatives Floren, Camillo, and Bocchino's correspondence is being distributed to all participants in this proceeding and will also be administratively noticed in the record.

Dear Attorney Bachman:

We have read the November 23, 2015 report prepared by the Town of Greenwich, and concur that detailed further review should be provided by Eversource so you, the Siting Council, can ascertain if there indeed exists the need for "The Greenwich Substation and Line Project." Subsequently we ask that all requests from the Town of Greenwich for information regarding the above pending application be responded to in a timely fashion.

Thank you for your attention to this matter.

Sincerely,

Livvy R. Floren
