FROM: Melanie A. Bachman, Acting Executive Director *MAB*

RE: **DOCKET NO. 461** - Eversource Energy application for a Certificate of Environmental Compatibility and Public Need for the construction, maintenance, and operation of a 115-kilovolt (kV) bulk substation located at 290 Railroad Avenue, Greenwich, Connecticut, and two 115-kV underground transmission circuits extending approximately 2.3 miles between the proposed substation and the existing Cos Cob Substation, Greenwich, Connecticut, and related substation improvements.

Connecticut Siting Council (Council) member, Dr. Michael Klemens is retained by the Greenwich Inland Wetlands and Watercourses Agency as a consultant on an as-needed basis.

In the interests of full disclosure, the Council wishes to inform all participants that Dr. Klemens hopes to fully participate in this proceeding notwithstanding his provision of consultant services to the Greenwich Inland Wetlands and Watercourses Agency. The Council informs all parties and intervenors of Dr. Klemens' involvement to determine whether any party or intervenor has any objection to Dr. Klemens participating in the Council's consideration of the above-referenced pending matter.

Please inform the Council on or before August 15, 2015 should you have any concerns regarding Dr. Klemens' full participation in this matter.
