Re: *Docket No. 461A: Greenwich Substation and Line Project
Monthly Construction Progress Report – April 2019*

Dear Ms. Bachman:

Pursuant to the Rules of Connecticut State Agencies (RCSA) Section 16-50j-62(b)(3) and as described in Section F.3 of the Greenwich Substation and Line Project (GSLP, Project) Development and Management (D&M) Plans (D&M Plan Volume 1-Part 1 Cos Cob Substation Modifications; Volume 1-Part 2A Demolition of Warehouse Building and Pre-Construction Site Preparation; and Volume 2-Part 1 (115-kV Double Circuit Underground Transmission Line), The Connecticut Light and Power Company doing business as Eversource Energy (Eversource) hereby provides to the Connecticut Siting Council (Council) this Project Construction Progress Report for the month of April 2019.

This Construction Progress Report pertains to work at Cos Cob Substation, the demolition of the warehouse building at 290 Railroad Avenue, and the construction of the 115-kV double circuit underground transmission line.

Should you have any questions regarding this D&M Plan change request, please do not hesitate to contact me at via e-mail at kathleen.shanley@eversource.com or telephone at (860) 728-4527.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kathleen M. Shanley", written in a cursive style.

Kathleen M. Shanley

**DOCKET NO. 461A
GREENWICH SUBSTATION AND LINE PROJECT
MONTHLY CONSTRUCTION PROGRESS REPORT
APRIL 2019**

1. COS COB SUBSTATION

Work continued on the modifications to Cos Cob Substation, including testing of electrical equipment, removal of old equipment, installation of control cabling, and maintained erosion and sedimentation controls. The new substation equipment was placed into service on April 15. Table 1 in Attachment 1 summarizes the status of the substation work as of April 2019.

2. 290 RAILROAD AVENUE WAREHOUSE DEMOLITION

Asbestos abatement, which was required prior to the start of demolition work, was performed throughout the month. Table 2 in Attachment 1 summarizes the status of the warehouse demolition work as of April 2019.

3. 115-kV DOUBLE CIRCUIT UNDERGROUND TRANSMISSION LINE

Duct bank construction on the double-circuit transmission line commenced on April 1. During this month, work was contained in Bruce Park, along Wood Road and Bruce Park Drive, as well at Cos Cob Substation. Two vaults (5303 and 4303) located along Wood Road also were installed. Table 3 in Attachment 1 summarizes the status of the transmission line work as of April 2019.
