Re: Docket No. 471 – Application of Cellco Partnership d/b/a Verizon Wireless for a Certificate of Environmental Compatibility and Public Need for the Construction, Maintenance and Operation of a Wireless Telecommunications Facility Located at 208 Kirk Road, Hamden, Connecticut

Dear Ms. Bachman:

On September 28, 2017, the Siting Council rendered its Decision and Order regarding the construction of a wireless telecommunications facility located at 208 Kirk Road in Hamden, Connecticut. The approval requires that the facility be fully constructed and Verizon's cell site operational within eighteen (18) months of the date of the decision. Cellco recently received Development and Management Plan approval for the facility and has not yet commenced construction. We are, therefore, requesting an extension of twelve (12) months, to complete the construction and activation of the site.
