Re: Docket No. 478 – Eco-Site, Inc. & T-Mobile Northeast
Wireless Telecommunications Tower Facility
63 Woodland Street, Glastonbury Connecticut
Request for Extension of Time

Dear Executive Director Bachman:

This letter is respectfully submitted on behalf of Eco-Site, Inc. (“Eco-Site”), the Certificate Holder in Docket No. 478.

On June 13, 2019 the Council granted an extension of construction time until December 31, 2019 pursuant to Condition No. 6 of the Certificate dated March 29, 2018. At this time, the tower facility is constructed. However, T-Mobile recently advised Eco-Site that it has deferred the installation of its wireless facility and as such, the facility will not be operational by December 31, 2019. Therefore, Eco-Site respectfully requests a six-month extension of time to June 30, 2020 for the facility to be operational. This request is being timely made in accordance with Conditions 6 and 7 of the Council’s 478 Decision & Order.

If the facility becomes operational prior to June 30, 2020 with the installation of T-Mobile’s or AT&T’s facility¹, Eco-Site will notify the Council.

Should Council members or Staff have any questions regarding the foregoing please do not hesitate to contact me. Thank you for your consideration of this request.

Very truly yours,

Lucia Chiochio
