RE: **DOCKET NO. 265A** - Dominion Nuclear Connecticut, Inc. Application to Amend and Modify the Certificate of Environmental Compatibility and Public Need for the existing independent spent fuel storage installation at Millstone Power Station, Rope Ferry Road, Waterford, Connecticut pursuant to Connecticut General Statutes § 4-181a(b) for the limited purpose of determining if changed conditions related to the existing independent spent fuel storage installation justify a modification of the Decision and Order.

Dear Attorney Baldwin:

The current deadline for the Connecticut Siting Council (Council) to render a decision in the above-mentioned proceeding is April 29, 2013. Due to the need for a continued evidentiary hearing and the statutory requirement for a 30-day comment period following the close of the evidentiary hearing, the Council will need additional time to render a decision. The Council hereby requests consent for an extension of the decision deadline to May 31, 2013.

We thank you in advance for your timely response to this matter.

Sincerely,

Linda Roberts
Executive Director
