Re: Dominion Nuclear Connecticut, Inc. – Name Change

Dear Ms. Bachman:

This letter will serve as notice to the Connecticut Siting Council that, on May 12, 2017, in connection with a corporate rebranding, the name Dominion Nuclear Connecticut, Inc. was changed to Dominion Energy Nuclear Connecticut, Inc. This is a name change only. Dominion Energy Nuclear Connecticut will maintain the same ownership interest in Millstone Power Station and will remain the Nuclear Regulatory Commission license holder for the facility.

If you have any questions regarding this name change, please do not hesitate to contact me at 860-444-4380.

Sincerely,

A handwritten signature in black ink, appearing to read "Douglas C. Lawrence".

Douglas C. Lawrence
Director, Nuclear Safety and Licensing
Millstone Power Station
