First Time Managers

Commissioner Summa summarized the responsibilities of a first-time pharmacy manager and the reason for their appearance before the Commission. Commissioner Summa also emphasized the importance of the pharmacy manager's role as opposed to the front-store manager (in many retail settings).

Commissioner Inguanti provided first-time managers with a brief overview of reporting errors and the MedWatch program.

Appearing before the Commission as first-time managers are:

DN 10-983 Walgreen's Pharmacy #5723 (PCY.1418) allegedly 1) returned to regular stock a dispensed drug returned by a customer, and 2) failed to perform a Quality Assurance review for a prescription error. The pharmacy will be issued a penalty of \$2,000.

DN 10-723 This pharmacist, Kyle Murphy (8396) had his license summarily suspended in December of 2008. Instead of requesting a hearing on his suspension, this pharmacist focused on correcting the problems that resulted in the loss of his license. The Department is satisfied that this pharmacist has taken the necessary steps to regain his license. He has a record of counseling, negative drug screens and a letter from his counselor recommending reinstatement. However, this is the third time an action was taken against this license. Therefore, the approved agreement is stricter than the normal reinstatement agreement.

DN 10-1118 CVS/pharmacy #1280 (PCY.1432), failed to properly secure the prescription department for two days during a renovation. The Commission approved a \$2,000 fine.

Other Legal:

Mary Ann Perry (PCT.7289, inactive) appeared before the Commission to apologize for not attending a scheduled investigatory meeting regarding a criminal case back in 2000 and expressed her wish to reinstate her license. Ms. Perry was informed that her license had lapsed due to nonpayment/non-renewal and not because of revocation by the Commission or DCP. Ms. Perry was provided information regarding standard license reinstatement procedures to satisfy her request.

Enforcement Issues (S. Schwane memo dated August 18, 2010) – various issues were discussed as well as how the Commission would like to see certain cases handled. Topics included Civil Penalties; Actions Against Pharmacy Managers; Actions Against District Managers; and Pharmacy Technicians.

There were suggestions and discussion regarding review on case-by-case basis, as well as obtaining information on how Border States handle certain cases.

Request for CE Waivers, etc.

Kevin Dion requested and received a 90-day extension in February 2010. CE certificate submitted needs Commission's review/ approval. *Request approved.*
