

CCH Recruiting Event

August 1, 2023

On Tuesday, August 1, 2023, the CCH South Region Program participated in Meriden's National Night Out. This is a large-scale community event promoting the partnership between the community and law enforcement. In addition to food, music, games, and demonstrations, it is also an opportunity for community groups and organizations to showcase what they do for the community. CCH shared information both to families and individuals served by the Department who may be interested in this living option, as well as sharing information with community members who may be interested in opening their home as a CCH licensee.

Some of the information on our table

As it is a community event, CCH put together two gift bags with school supplies and family games. Bags were raffled off in a free raffle at the end of the night.
