Stewardship Permit

Pursuant to Chapters 439 and 446k of the Connecticut General Statutes, a permit is issued to:

Permittee:

ABB Inc.
2000 Day Hill Road
Windsor, CT 06095

Facility Identification:

EPA ID No. CTD001159557
Permit Number: DEP/HWM/CS-164-007

To perform site-wide environmental investigation and cleanup (“closure”, “post-closure care” and “corrective action measures”) at the hazardous treatment, storage and disposal facility in accordance with Connecticut General Statutes (“CGS”) Sections 22a-6, 22a-449(c) and 22a-454, and Section 22a-449(c)-110 of the Regulations of Connecticut State Agencies (“RCSA”) as specified in the conditions set forth in this permit.

This permit regulates and authorizes the Permittee to perform post-closure care and corrective action measures at the facility. The permit does not authorize operation of a hazardous waste management facility in the sense of treating, storing, or disposing of hazardous wastes generated off-site.

All terms in this permit are defined in the permit or if not defined in the permit are as defined in Section 22a-449(c)-100 of the RCSA or in Title 40 of the Code of Federal Regulations (“CFR”) Parts 260, 261, 262, 264, 268, 270, 273 or 279.

This permit is based on the information described in the Resource Conservation and Recovery Act (“RCRA”) Part A filed by the applicant on November 17, 1980 and the Stewardship application filed on May 21, 2009. The Permittee must keep records of all data used to complete the permit application and any supplemental information submitted for the effective term of this permit. The permit application and RCRA Part A filing are incorporated by reference as part of the permit. Any false statements or inaccuracies contained in the information submitted by the Permittee may result in the suspension, revocation or modification of this permit and civil or criminal enforcement action.

The Permittee shall comply with all terms and conditions contained in the following sections of the permit: Section I (Standard Facility Conditions) pages 1 through 10; Section II (Authorized Activities) pages 11 through 24; Section III (Compliance Schedule) pages 25 through 26; and the information contained in the Permittee’s permit application, except where the application is superseded by the more stringent conditions contained herein. Any violation of any provision of this permit may subject the Permittee to enforcement action pursuant to the CGS including but not limited to Sections 22a-6a and 22a-131.

This permit is transferrable upon the Commissioner’s written authorization, provided the Permittee and potential transferee have complied with the requirements set forth in CGS Section 22a-6o.

This permit may be revoked, suspended, modified, transferred, or reissued, in order to comply with applicable law. The Commissioner may also modify this permit when it is deemed necessary to do so.

An Equal Opportunity Employer

The Permittee shall submit a revised permit application to the Commissioner at least one hundred and eighty (180) calendar days before making any changes to any of the permitted areas or activities. Any application shall be approved in writing by the Commissioner prior to the Permittee implementing such change. The Permittee shall submit an application for a renewal of this permit to the Commissioner at least one hundred eighty (180) calendar days prior to its expiration date.

This permit is hereby in effect and shall expire ten (10) years from this date.

CERTIFICATE OF STEWARDSHIP

The Commissioner of Environmental Protection has made a final administrative decision to issue a Stewardship Permit to **ABB Inc.** for the former Combustion Engineering Facility, EPA ID No. CTD001159557, located at 2000 Day Hill Road, Windsor, Connecticut.

This permit is for the continuation of facility closure, post-closure care and corrective action activities, meaning environmental investigation and remediation, at the facility and may be transferred upon the written authorization of the Commissioner.

Opportunity for public comment has been provided in accordance with state and federal requirements.

This action is based on the obligation to initiate and complete closure, post-closure care and environmental clean-up work required by state laws and regulations, including RCRA Corrective Action and Closure, and requires compliance with Connecticut's Hazardous Waste Management Regulations and Remediation Standard Regulations, as well as state and federal guidance.

CERTIFICATE OF COMPLETION

The Commissioner of Environmental Protection has made a final administrative decision that no activities are being conducted that require a RCRA permit at ABB Inc. for the portion of the site consisting of 300 Scotland Drive and a portion of 2000 Day Hill Road, EPA ID No. CTD001159557, located at **2000 Day Hill Road, Windsor, Connecticut.**

Environmental investigation and remediation activities are complete at the facility. Opportunities for public comment were provided related to the environmental investigation and remediation. Opportunity for public comment was also provided related to the Commissioner's proposed disposition of the facility's permit status.

The issuance of this certificate is based on the completion of environmental clean-up work required by state laws and regulations, including RCRA Corrective Action and Closure, as determined by compliance with Connecticut's Hazardous Waste Management Regulations and Remediation Standard Regulations, as well as state and federal guidance. This clean-up is consistent with the requirements of Connecticut's Property Transfer Act defined in Connecticut General Statutes Sections 22a-134 and 22a-134(a) through (e), and may be used as the basis for submitting a Form II pursuant to Connecticut's Property Transfer Act.
